March of Dimes Ready to Start Here on Monday

Soda Springs Ski Meet, Basketball in Truckee Are Slated

The March of Dimes campaign for Truckee and Donner Summit is all set to get underway January 15, according to Chairman Roy F. Waters.

At that time, coin receptacles will be placed in business establishments; direct mail contact will be made and a residential solicitation will be made by the Boy Scouts, Cub Scouts, Girl Scouts and Brownies, Waters said.

The annual March of Dimes basketball game will be played later in January or in early February under the auspices of the Truckee American Legion post's athletic committee.

On Summit

Frances Couillard announces that the third annual March of Dimes ski races will be held this year, tentatively on Saturday, February 10, at the Soda Springs Ski hill. Application is on file with the Far West Ski Association to secure their sanction for that date.

The new Soda Springs Ski Club is sponsoring the events and Carl Buek, secretary, is in charge of the arrangements. A program of special events is being outlined and all proceeds will go toward the fight against infantile paralysis. There will be five classes of racers, with trophies for each class. The groupings are by ages —14 to 16 years, 12 to 14; 10 to 12, 8 to 10 and 8 and under.

All school children are being invited to participate in this open meet.

45 Cases

"We are going to contact every one in this campaign," Waters said. "We all felt grateful when the National Foundation came to our rescue two years ago when polio struck Nevada County and we are proud that our county chapter was able to serve over 45 patients. Personally, I will welcome all the help I can get in conducting this campaign.

"Our particular area has been fortunate in the past but there is no guarantee we are permanently exempt. Every dime that goes into the campaign against polio is added insurance against any possible outbreak here or anywhere else in the nation."

The Nevada County chapter raised a little over $6,000 last year, which was very good, but was forced to draw from National Foundation over $15,000 to meet expenses in carrying patients for the previous year. In all, the foundation has advanced to Nevada County in a two year period $30,000 for hospitalization, therapy, braces, crutches and transportation for 45 patients.

Chief Re-Named; Fire Losses Nil Here Last Year

Three Minor Fire Alarms Mar Perfect Record For 1950

N. F. (Tom) Dolley was re-elected chief of the Truckee Volunteer Fire Department for the 15th time at the meeting held at Cozzi's Cafe Tuesday night.

At the same time, the department retained all their officers who had served for the past year. These are A. Pace, assistant chief; Frank Giovannoni and R. W. Seibold, captains; Wm. Englehart Jr. and Fosten Wilson, lieutenants; V. L. Deaton, secretary; Roy Waters, sergeant at arms; Hes Cardinal and Erv Waters, engineers.

A letter was received from the secretary of the Northern California Fire Chiefs Association, suggesting that the Truckee and Tahoe City fire departments might be hosts to the spring convention of the organization. Named on a committee to investigate the possibility of holding such a gathering in this region are Chief Dolley, Englehart, Deaton and Elden Tonini of Truckee; Chief Al Henry Jr. and William Bechdolt of Tahoe City.

No Losses

According to a report compiled by Deaton, Truckee had one of the best fire years in history during 1950, with the department called out on only three occasions and damage was confined to the point where it was not reportable. This compared with 13 alarms in 1949 and an eight-year average of 13.

On attendance, members were 73 per cent in attending meetings, compared with 69 per cent in 1949 and a nine year average of 64 per cent. During 1950, four members had 100 per cent records. Membership turnover was 12 per cent in 1950, 32 per cent in 1949 and over nine years has averaged 32 per cent.

Board President Walter Loynd introduced state and county school authorities who spoke on the aims of modern education and the desirability of working together to further educational aims.

The visitors included Frank Lindsay, assistant superintendent of secondary education; Gene Mushlitz and Herbert Gwinn, all of the state department of education, and Al Bequette, Placer County superintendent of schools.

Sun Beams

by Walter M. Barrett

The selection of Henry Loehr as chairman of the Nevada County Board of Supervisors not only brings a signal honor to the eastern section of the county but also reflects the sound judgment of the governing board. During his incumbency, Loehr has many times exemplified his qualifications as a practical, thorough businessman, conversant with the various objectives which come before the board, and a man capable of rendering sound decisions. We feel that not only the eastern section, but the entire county, will gain from the selection of the local man to one of the highest offices in the county. Closer cooperation between all sections and all departments may well be expected.

The bonfire party arranged and conducted by the Truckee Chamber of Commerce last Saturday night at McIver's pond was a marked success and officers of the chamber and members who worked on the committee are justly deserving of praise. In a comparatively small community, affairs of this nature do much toward bringing people closer together in a spirit of friendliness and in sponsoring such programs, the chamber is proving its value. The community Christmas tree, colored street lighting, erection of signs and similar projects will go far in proving the worth of the local booster organization.

(From Fallon Standard)

Truckee Carson Irrigation District's 64-acre tract at Lake Tahoe's Truckee River outlet will be leased for 30 years to the highest bidder under terms of a notice of availability approved by the irrigation board last week.

The plot is located on the north and west side of the Truckee River headgate at Lake Tahoe. about 400 to 500 feet of the TCID land borders on lake front. A main highway and some small roads run through it.

The lessee will be permitted to sub-lease parcels of the 64-acre tract, subject to the approval of the district, but himself must take the entire parcel.

Under the lease forms, all revenues go to the TCID and certain rights are retained by the district and the bureau of reclamation, The lease protects the rights of the state highway department, forest service, fish and wildlife service, irrigation, mineral uranium and other established rights.

"Hail and Farewell" Duty Is Performed By Judge Snell

H. G. Loehr of Truckee was elected chairman of the Nevada County Board of Supervisors at the reorganization meeting held in Nevada City Monday and at the same time Guy N. Robinson, fourth district supervisor, began serving his elective term.

LOEHR

Loehr was named temporary chairman three months ago to fill the vacancy left by the death of Supervisor Warren E. Odell. Robinson was named by Gov. Earl Warren to complete Odell's term after he was elected in November.

Charles W. Veale was reappointed for a two-year term as superintendent of the county hospital.

The board took initial steps toward setting up a $120,000 project which will add ten miles of the Tyler road to the county system.

Superior Judge James Snell paid tribute to the outgoing county officials at Monday's meeting and extended a welcome to the newly-elected officers.

Only changes in the court house staff were in the sheriff's office where Wayne Brown of Grass Valley succeeded Richard Hoskins and in the assessor's office where William Tamblyn replaced Philip G. Scadden.

RACERS PROTEST TOW FEES AT SKI MEET

SQUAW VALLEY— Two Reno youngsters came off with top honors at the giant slalom, marking the first annual Squaw Valley championships Sunday afternoon.

According to Bill Berry, dean of Sierra ski reporters, the Squaw Valley Corporation set a precedent by charging all racers a $2 fee to ride up the ski tow "so they could risk their necks coming down." Berry said Terry Tollefson, director of arrangements, protested that the charge was indefensible and had been protested by a majority of the entrants. Far West Ski Association racing classification points were at stake and approximately 50 racers paid to ride and run.

Pat Myers, racing for the Reno Ski Club, skimmed down the course in 59.4 seconds for a first place tie with Stan Pyron of Stanford in the Class A for men. Running a shorter course, Marvella Chandler, a freshman at the University of Nevada, topped all times for the ladies with 47.6 seconds to win the guest slalom class. Joan Metzger, also a U.N. student, took first place in the women's class A with 54.9 seconds. Nine-year-old Cathie Zimmerman of the Reno Ski Club turned in the third best time of 55.1 seconds for a second spot in the ladies guest class.

Course setter was Emile Allais, director of the Squaw Valley ski school, with Dodie Post, Stan Tomlinson, Doug Pfeiffer and John Flood forerunners.

In a special guest slalom, Lewis Fellows of Lake Tahoe Ski Club was timed at 47.7 to win and Kit Schull of Soda Springs Ski Club was second in 53.3.

There were some 20 clubs and communities represented and seven unattached skiers. Beside the host club; from this region, Sugar Bowl Ski Club was represented by Arthur Merrill Brown III and Louigi Barbieri; Lake Tahoe Ski Club by Bob Stark, Dick Carnell, Cliff Dockham, Chuck Smith and Fellows; Soda Springs Ski Club by Kit Schull.

Squaw Valley championships, sanctioned by FWSA, were held in conjunction with the annual birthday party. Following the races, trophies were presented at the racers' banquet in the lodge.

Working with Tollefson were Stan Martin and Bill Jenkinson, timers; William Curran of the U. S. forest service and Jack Starratt, starter. Recording the times were Don Seely, Joyce Leversee and Carol Folsom.

A recent letter from Tex and Peggy Jones said that Peggy had entered a hospital in Los Angeles about Christmas for an operation and that as soon as she is sufficiently recovered Tex will undergo an operation. Their many friends here all hope for speedy and complete recoveries and the best of good luck.

The letter also said that Mel and Era Miller are back at Tahoe Vista to stay and that Mel is employed at Yacht Harbor at Carnelian Bay.

Monte and Mildred Beesley, formerly of Kings Beach and now at Torrence, have given up folk dancing since their business keeps them dancing plenty. They enjoy their television for evening diversion.

The three-acre skating pond at Tahoe Vista is a real asset to the north end of the lake and is attracting skaters from far and wide. Larry Rood, Everett Mason and Ray Sorensen have been as busy as beavers keeping the pond in condition and have earned the thanks of the skaters who are urged to lend assistance. Everyone is welcome to enjoy the pond which provides facilities for novice and expert.

Dave Ashton, who has been at Altadena, is again receiving his mail at Kings Beach.

Mr. and Mrs. Ralph Wylie of Zephyr Cove are the parents of a daughter born at Reno on Friday, January 5.

A cabin belonging to Frank Golden at Crystal Bay was burglarized recently, according to sheriff's deputies. The thieves broke a door and window to gain entry and made off with a mattress, two pillows and a rose-colored blanket.

A mighty good friend of the family budget, your telephone offers more service than ever—at bargain rates.

WHERE EVERY DAY IS BARGAIN DAY
Your telephone gives you more for your money than in 1940

1. When you buy almost any of the things you use every day, it seems that the prices you pay have just about doubled in the last ten years. But this pattern of inflation doesn't hold true with your telephone. For in spite of higher costs of furnishing telephone service—wage levels that have doubled, materials that have shot up sharply—telephone rates have increased far less than the cost of living.

3. In these days, when our nation needs a strong and efficient telephone service to help speed the job of defense, that service is available—and at bargain prices. And you can be certain that all of us at Pacific Telephone will keep right on working to build your telephone's value still more—to make it a still better servant for you. And for our nation.

Pacific Telephone

2. Every time you use your telephone today, you get a most unusual bargain. Two ways. Rates have lagged far behind the increased prices of most other things. And the amount of telephone service they buy has practically doubled. Today, on the average, you can be connected with twice as many telephones as ten years ago. You can call more of the people you want to call. More can get in touch with you.

Price increases since 1940

CAL-NEVA PLANNING SERIES OF NIGHTS FOR AREA CITIZENS

CAL NEVA— Because this entire area has a stake in the winter success of the operation of such resorts, Douglas Ross, manager of Cal-Neva, will host a cocktail party once a month for the citizens and business people of the various communities in the Truckee-Tahoe area to get acquainted and discuss mutual problems.

For instance, Truckee nights have been announced for January 26, February 9, March 2 and April 6. Tahoe City and Homewood nights include January 18, February 22, March 22 and April 19. The first Brockway night was held January 10 but Ross said future dates are being revised so as not to conflict with other local activities and will be announced later.

Letters are being sent out to the communities and the management will serve cocktails for the featured community's citizens between 6:30 and 8:30 on the specified evenings.

Ross emphasized the fact that Cal-Neva's winter opening is an experiment which, if successful, will be a permanent winter fixture and should go a long way toward boosting winter business in the Tahoe region.

TRUCKEE WATERSHED REFORESTING VITAL TO FLOOD CONTROL

RENO— Pointing out that consideration of watersheds is of prime importance in flood control work, Gilbert Doll of the U.S. Forest Service Monday asked the Reno city council to request a watershed survey for inclusion in its overall flood control plan.

Doll noted that watershed control, primarily reforestation, is under the jurisdiction of the department of agriculture while flood control, channelization and construction of dams, is under ar department jurisdiction.

He asked that the city council request Nevada congressional representatives to have the department of agriculture include its watershed survey in the flood control project.

Doll pointed out that reforestation in important areas could reduce runoff into Truckee River by more than 20 per cent. It would also reduce the silt deposit of the river, which if left unchecked would make channelization and dame useless after a period of years.

He noted the Dog Valley situation as an example of what reforestation can do for a watershed. Of the 360 second feet that coursed down creeks and washed out the Donner Trail bridge recently, only 40 second feet came from that portion of Dog Valley which has been under U.S. Forest Service administration in the last 11 years. The rest came from the overgrazed and denuded area to the rear of Peavine Mountain, constituting flood proportions.

Doll has made the same request for watershed survey to the city council of Sparks, the Washoe County commissioners and the general flood committee.

PLACER RURAL BUILDING

Placer County Building Inspector Robert H. Watson reports that building permits in the unincorporated areas during 1950 totaled $2,313,867. The 748 permits covered structures ranging from chicken houses to motels. Fees collected on the permits were $3,780.

Early names of Marysville were Yubaville and New Mecklenburg.

Yuba River State Hatchery Closed by Commission

At their meeting in Los Angeles, the state division of fish and game voted to close the Yuba River hatchery in Sierra County. It was damaged by recent floods and has been an uneconomical operation despite production of half a million trout a year, the commission decided.

Humboldt County contains 3621 square miles.

SWANEE'S TAHOE LETTER

Tahoe City, Jan. 7th

Dear Tahoeites—

Winter weather still has not arrived in force, although mornings and evenings are plenty chill. Some snow remains on the ground but here and there the earth shows through and that on the mountains appears to be disappearing fast too.

Have had some interesting letters from absent Tahoeites.

One from Mrs. Ruth Droste at La Jolla, busy with her real estate business and in good health.

Pretty picture post cards from the meandering Carlton Valentines of Costa Mesa who this time took a motor trip to the Desert Inn, Palm Springs, to bask in the sun and nosey around in quaint and interesting places.

A note from Ubaldo Manocchi, who's still pedolling and enjoying the warm weather down in Arizona.

A nice letter from Fern Schlueter who brought me up to date on her husband's convalescence. She says Theodore spends most of the day in bed but on warm days can sit out on the balcony for an hour or so. He eats and sleeps well and looks good but progress is slow. He goes to his doctor's once a week and still enjoys the television set which provides entertainment during the long hours. Fern and he were deeply touched by all the lovely get-well cards and letters their many friends have been sending. They are sincerely appreciative. They plan to remain where they are until his condition is more improved.

I was agreeably surprised to receive a newsy letter from one of Tahoe City's most beloved teachers, Mrs. Myrtle Gallinger, who with her husband now is residing in Newcastle. They had just finished their dinner and gone out on the sunporch to enjoy the sweeping view of the foothills and valley where the glow of the sunset still lingered. They had just enjoyed a clear day, one of the few since Thanksgiving that had not been foggy or rainy. The previous Sunday the Gallingers and Mrs. Nora Hevel, who used to live in the Bittencourt Tract near Tahoe City, motored to Grass Valley to attend church services. Hevel did not accompany them because he has not felt so well lately. Edna Lardner's home is six miles from the Gallingers and Edna, former Tahoe School teacher, was home for the holiday (she now teaches in Salinas) so the families got together for some visiting. Christmas was spent by the Gallingers at the home of her brother, Elton Carvin, of Grass Valley where 18 guests gathered for the festive occasion.

Mrs. G. visited Mrs. Emma Gargan of Auburn, mother of the late George Hinkle, recently and admired her amazing collection of buttons from many parts of the world. She would like some from her home town, Truckee, so anyone wishing to donate would find their contribution most welcome.

The Floyd Carnells received a letter from son Howard, with the Marines in Korea, on Christmas Day telling them he was okay. It was their best gift of the holidays.

Members of the Lake Tahoe Ski Club are reported practicing up on their snowshoes for the big race between the men and the women which will occur around January 27 or 28. That should be worth watching. Up at Granlibakken I'm told the ice skating is getting under way these crisp nights with a bonfire and jolly time awaiting visitors.

Leave you for the week with every good wish for good health, good luck and good cheer to all. As ever, Swanee

LAKE TAHOE SKI CLUB JUNIOR TOURNEY PLANNED IN MARCH

TAHOE CITY— Lake Tahoe Ski Club members had a busy weekend as regular meeting night was on Friday in Tahoe Community Center and the club's big pot luck dinner was Saturday night.

President Bill Jenkinson presided on Friday night when a large crowd was on hand. Mrs. Marie Henry, who will administer a first aid course to club members within another week for three hours a night, two nights a week, gave an interesting talk on the necessity of first aid instruction.

James Baker and Jim Morhain were nominated for the post of chief of the hill which was recently vacated by the resignation of Rusty Frodenberg, but Morhain declined and Baker was elected by acclamation. Ray Fellows gave the members a pep talk and urged willing cooperation with the club's officers.

Either March 17 or 18 will be selected as the date of the Lake Tahoe Ski Club's annual junior invitational meet. The meet will be staged at the club's small hill above the Tahoe City golf links where recent improvements have put the hill in excellent shape. Rope tows have been installed and parking space will be available. The meet will be a four-way combined event with cross country, jumping, slalom and downhill scheduled for contestants. Trophies for first three place winners have been ordered.

The big pot luck dinner on Saturday night was declared a real success with 75 persons attending and tempting dishes of every description brought by the ladies of the club. Mrs. Wesley Donaldson, recording secretary and chairman of the event, thanked all her coworkers for their valuable assistance. Cards were enjoyed after the dinner hour.

PROPOSE NEW ROUTE TO TAHOE AREA AT BOARD MEETING

AUBURN— The Placer County board of supervisors has directed the district attorney to prepare a resolution recommending that the old Forest Hill to Lake Tahoe wagon road be completed and reactiviated as an alternate to existing highway routes over the Sierra in case of emergency.

The matter was brought up by L. L. Anderson, new fifth district supervisor, who maintained that the improvement of about 16 miles of the road would put it in good condition for use if Highway 40 and 50 should be blocked. He suggested the possibility of obtaining state or federal money for the project be investigated.

When officially adopted by the board, copies of the resolution will be sent to the governor, civil defense authorities and state and national legislators.

Emerald Bay on Lake Tahoe is said by geologists to have once been a glacial lake.

Tahoe Couple United At Palm Springs

TAHOE CITY— Local friends are learning this week of the marriage of Cal-Neva's Markey King and James Williamson which took place on December 23. The double-ring ceremony took place in the Palm Springs Community Church before relatives and friends, Rev. Blackstone officiating. Attendants were Jane Burris of Glendale and Gerald King of Los Angeles.

The bride is the daughter of Mr. and Mrs. Benjamin King of Phoenix and the groom is the son of Mrs. Harry Williamson of Belmont.

The bridgegroom is associated with the lumber contracting firm of Williamson and Shults here btu during this winter has leased a Tahoe City service station which he will operate until his own business reopens in the spring. The couple are making their home in Tahoe City where they have rented the Don Bowman home. Mrs. Williamson has been employed during the past four summers as secretary to the managers of Cal-Neva and will continue her service with Douglas Ross, present manager of the resort.

His team mates will be Fred Corfee and Bart Prom, both of Sacramento; Merrill Brown, Sugar Bowl; Pres Hotchkiss, Pasadena; Frank Elliott, Los Angeles; Ed Paul and Bumps Baldauf, both of San Francisco. Motorists Urged To Await 1951 Papers

Motor Vehicle Director A. H. Henderson urges motorists who have not received their 1951 potential registration cards to be patient.

"We expect to have the last of these two-part forms in the mail by mid-January," Henderson said, "and because of their convenience it will pay motorists to wait for them instead of renewing on the 1950 white registration card."

The forms now being prepared involve new vehicles purchased during 1950 or those on which there was a late change of ownership or address prior to December 15, 1950. Transactions submitted at any office of the department subsequent to December 15 will not result in a potential registration card being issued.

Henderson said that in the latter case it would be necessary for renewal application to be made on a 1950 white registration card.

The closing date for payment of 1951 fees without penalty is midnight February 5.

Public Invited To View Movies Here

The public is invited to attend the showing at the elementary school of some very interesting movies on Saturday evening at 7:30. The films will be shown by L. F. The films will include "Water, Fountain of Life," "Family Afoot in the Yukon," "San Francisco's Ageless Cable Cars" and selected short subjects of local scenes in color.

The showing of these films will precede the usual weekly square dancing at the school.

Tarzan

by EDGAR RICE BURROUGHS

THE BATTLE WAS SOON OVER. THE VICTORIOUS TESMAL WARRIORS TOOK PRISONERS— AND THE GRAND PRIZE WAS THE GIANT, TARZAN OF THE APES!

--- MUCH LATER, TARZAN OPENED HIS EYES TO SEE THE GRINNING FACE OF A TESMAL GUARD. "AHA! THE GIANT IS CONSCIOUS! COME, GIANT—"

"—TO THE PALACE. YOU MUST SEE THE KING." TARZAN LOOKED ABOUT, STARTLED. THE GUARD, THE PRISONERS — **ALL WERE AS BIG AS HE!**

IT WAS UNBELIEVABLE. ANTELOPE AS BIG AS HORSES—TREES REACHING ENORMOUS HEIGHTS!

SUDDENLY TARZAN UNDERSTOOD. IN SOME FANTASTIC WAY HIS SIZE HAD BEEN REDUCED!

TARZAN WAS CURIOUS, BUT WHEN HE SAW THE SNEERING RULER AND THE HAUGHTY PRINCESS HE KNEW HE WOULD LEARN NOTHING. HE WAS SURE OF ONLY ONE THING -- HIS LIFE WAS IN GREAT PERIL!
